

## TP/RANKING STATUS OF REQUESTED FIXES/IMPROVEMENTS

Updated: March 16, 2016

### **Completed Items to Date:**

1. Tournament Search Bar
  - a. Category selector customized for Canadian needs
  - b. Event Level Selector customized for Canadian needs
  - c. Added Provincial Filter
2. Membership
  - a. Players only need to be validated when they register for the first time (in Quebec and Ontario). There is no need to validate members each year they renew any more.
  - b. Improved the Baseline to VR membership transition. Improvements in clarity were made on the “found existing person” pop up box.
  - c. PTA’s now have access to the membership reports in their admin pages.
  - d. Information typed in the registration process now overwrites existing baseline membership data while before baseline information would replace previously input information.
  - e. Cash & Cheque payment options added to registration, with specific instructions for each PTA.
  - f. The ability to pay with a Credit Card without a PayPal account is now clearly explained.
  - g. Membership costs and options are now listed under an information button on the first registration screen.
  - h. You can now assign membership roles (coach, official, staff, volunteer) to any person in the system for organizational purposes.
3. Rankings
  - a. We can now manually award points when necessary.
  - b. You can now sort the rankings by Year of Birth.
  - c. Playing up an age category without a win now results in 0 points awarded as intended (initially this was not working properly).
  - d. Rogers Rankings banner added to Rankings pages
  - e. Points are now awarded properly for top 4 consolation finishes.
  - f. Feed-in Consolation Points are now awarded correctly.
  - g. A player’s best results (Top 5 for Junior, Top 3 for all other categories) are now marked for easier viewing.
  - h. Points are now aligned on the decimal place to allow easier viewing.

4. Tournament Planner
  - a. Importing rankings to event rosters now works
  - b. You can pre-assign a draw to a location for easier scheduling
  - c. Entry Fees appear earlier in the sign-up process now
  - d. In Consolation draws, where there are 4 rounds of feed-ins or more, there is no longer a possibility of a re-match between two players from the Main Draw until after the quarter finals.
  - e. Placements of players in pull-back matches are now random (i.e. events with 17 or 18 players).
5. Phone App
  - a. Match locations are now shown in draws when they have been specified.
6. Security
  - a. HTTPS is now fully functional allowing for a more secure site.
7. Website
  - a. Banners now appear on all web browsers.
8. Mandatory Registration Fields
  - a. Phone numbers must be formatted as “ddd-ddd-dddd”
  - b. All junior members must have at least one parent’s name and phone number listed during registration.
9. Activation Bug
  - a. The activation notification goes to the e-mail address in a player’s profile, not the e-mail address used for activation notices. Subsequent account related notifications go to the account e-mail, not the person's profile e-mail. Activation notification should go to the account e-mail address.
10. Search Results
  - a. Tournament search results list. The results list should include the Type of tournament (National/Provincial/Regional etc.) Perhaps before or after the date.
11. Default Status
  - a. “Default” is now added as a match status option.
  - b. Players who do not play their first round (default, w/o, withdrawal) before tournament starts, we want to treat the match as a bye for the winner, thus NO POINTS should be awarded to the loser
12. UTR
  - a. An automated process has now been put into place where every week updated and new events will be sent to UTR. This will ensure the most accurate rating possible on their website.

**Current Requests/Priorities:**

1. Auto-Redirect
  - a. Mobile users who visit the [tc.tournamentsoftware.com](http://tc.tournamentsoftware.com) website should be greeted with a pop-up asking if they would like to download the mobile app.
2. Various Wording and Translation Changes
